The screenshot shows the Khan Academy website interface. At the top, the navigation bar includes 'WATCH', 'PRACTICE', 'COACH', 'VOLUNTEER', and 'ABOUT'. The main content area features a video player for 'Basic Trigonometry' by Khan Academy. The video player shows a right-angled triangle with a hypotenuse of length 5, a vertical side of length 3, and a horizontal side of length 4. The angle between the hypotenuse and the horizontal side is labeled as  $\theta$ . The equation  $a^2 + b^2 = c^2$  is displayed below the triangle. To the right of the video player, there is a section titled 'Watch, Practice. Learn almost anything for free.' with a green button 'Watch a video' and a dark blue button 'Practice with an exercise'. Below these buttons, there are social media sharing options for Like (50k), Send, Tweet (4,791), and Cite. At the bottom of the page, there is a 'New & Noteworthy' section with several video thumbnails. The Windows taskbar is visible at the bottom of the screenshot, showing the time as 6:57 PM on 11/24/2011.
